

CURRICULUM VITAE

ABDUL MAJID

Address: House # 216 Haider Colony Block “B” Street No.5 Out Side Gunj
Gate Phando Road, Peshawar City, Khyber Pakhtunkhwa, Pakistan.

Contact No: 0346-9095471, 0336-3100093

E-Mail Add: ab_majid06@yahoo.com, ab.majid21@gmail.com

Present position: Lecturer, Department of Statistics, University of Malakand,
Chakdara, Khyber Pakhtunkhwa, Pakistan.

PERSONAL INFORMATION

Father's Name	:	ABDUL RAZIQ
Date of Birth	:	16 th April 1991
Religion	:	Islam
Nationality	:	Pakistani
N.I.C No	:	17301-6596491-7
Marital Status	:	Single
Domicile	:	Khyber Pakhtunkhwa
District	:	Peshawar

PERSONAL STATEMENT

A highly motivated and hardworking experienced individual, who has completed Master of philosophy in statistics (2018), achieving excellent grades. Seeking an opportunity to get an environment for research. The keen research interest is in reliability analysis to develop new methodologies to test equipment reliability. Eventual career goal is to become a fully-qualified and experienced researcher, with the longer-term aspiration of moving into a research wing for engineering reliability. My curiosity is not limited only to reliability analysis but want to taste different fields related to statistics and research.

ACADEMIC QUALIFICATION

Degree/ Certificate	Year	Subject	Div. /GPA	Board/University
M. Phil	2018	Statistics	3.55	Department of statistics, university of Peshawar, Pakistan
Master of Science	2013	Statistics	1 st	University of Peshawar
Bachelor	2011	Statistics, Mathematics	1 st	University of Peshawar
Intermediate	2009	Mathematics , Statistics, Economics	2 nd	B.I.S.E Peshawar
Matriculation	2007	Science	2 nd	B.I.S.E Peshawar

RESEARCH INTEREST

Reliability Analysis (Equipment reliability), Structural Equation Modeling, Biostatistics, Econometrics, Probability and Probability distributions.

RESEARCH WORK

- The effect of strategic time out in T20: a case study of Pakistan super league, 2017. (In M. Phil , Structural equation modeling approach)
- Comparative study of top two squash players: a statistical review, 2013. (In Masters 2 year of education)

RESEARCH PAPER PROGRESS

The following research work is in progress to publish the research papers some of them submitted for publishing includes the dissertation completed in my masters 2 years of education and M. Phil.

- Comparative study of top two squash players: a statistical review.
- The effect of strategic time out on batting performance in T20: a case study of Pakistan super league.
- The effect of strategic time out on bowling performance in T20: a case study of Pakistan super league.
- The effect of strategic time out on match result in T20: a case study of Pakistan super league.

- Social and Psychological impacts of terrorism and war against terrorism on children.
- Comparative study of top two football players: Ronaldo Vs Messi.
- Pashtun community attitude towards co-education in Peshawar.
- Assessing the IT skills of students in Peshawar.
- Perception of students about course work at B.S level.

TEACHING EXPERIENCE

1. Lecturer, Department of Statistics, University of Peshawar (1st September 2014 – 30th June 2017)
2. Visiting lecturer, University college for boys, university of Peshawar (1st September 2016 – August 2018).
3. Lecturer, Department of Statistics, University of Malakand (13th September 2018 – Continue)

TEACHING COURSE (TAUGHT)

- Statistical Methods: M.Sc. Statistics course
- Statistics-I and Statistics II: B.S course
- Applied Statistics: B.S course
- Econometrics: B.S course
- Survey and Research Methods: B.S course
- Basic Statistical Inference: B.S course
- Introduction to Statistics: B.S course
- Probability and Probability Distribution (I) : B.S course
- Probability and Probability Distribution (II) : B.S course

B.S (STATISTICS) STUDENTS SUPERVISION (AS A CO-SUPERVISOR)

S. No.	Name	Thesis Title	Status/Year
1.	Shahzad Ahmad	Social and Psychological impacts of terrorism and war against terrorism on children	Completed/ 2015
2.	Abdul Rauf	Comparative study of top two football players: Ronaldo Vs Messi	Completed/2015
3.	Muhammad Amir	Pashtun community attitude towards co-education in Peshawar	Completed/2015
4.	Abdul Sami	Assessing the IT skills of students in Peshawar	Completed/2015

5.	Abdul Basit	Perception of students about course work at B.S level	Completed/2016
----	-------------	---	----------------

CONFERENCE PARTICIPATION

- 13th International conference on Statistical Sciences, held on March 16-18, 2015 at Islamia College, Peshawar (Pakistan)

CONFERENCES ATTENDED

The following conferences attended as a presenter of research paper.

- National Conference on Emerging Trends in Mathematics, Computing and Statistics NCETMCS 2017, held on 14-15 November 2017 at Shaheed Benazir Bhutto Women University, Khyber Pakhtunkhwa, Peshawar, Pakistan
- 16th International conference on Statistical Sciences, held on March 5th to 8th, 2018 at Islamia College, Peshawar (Pakistan)

WORLD BANK PROJECT

Worked as the young professional officer in the World Bank project were conducted for the Department of Khyber Pakhtunkhwa Revenue Authority (KPRA), Khyber Pakhtunkhwa, Pakistan. From 28th December 2017 to 28th February 2018. The project were done by Department of Economics, University of Peshawar.

STATISTICAL SOFTWARE SKILLS

SPSS, MINITABE, STATA, AMOS
And computer programming i.e. C++ . .

LANGUAGES

- English
- Urdu
- Hindko
- Pashto

GAMES OF INTEREST

- Chess
- Squash
- Cricket
